RE: EIC-M-42

MEMORANDUM FOR: Commander Burns Spore
ONI, Department of the Navy
The Pentagon

SUBJECT : Minutes of EIC Meeting, 20 January 1955

1. I believe I finally understand the essence of the correction which you were suggesting in the minutes. At any rate, here is a final shot for paragraph 4:

"PROPOSED EIC SUBCOMMITTEE ON SHIPBUILDING

4. Action: The ONI representative reported dispatch to the CIA of a draft paper justifying the establishment of such a subcommittee, to be distributed to the members for early action. ONI had also transmitted draft terms of reference for consideration by CIA and Air Force, so that if the establishment of the subcommittee were approved, in principle, an agreed draft terms of reference might also be circulated for EIC approval."

2. I hope this is satisfactory, and am sorry if I seemed a bit slow in getting your point.
